Your odds are pretty good, 'cause most bottles have at least
a \$20+ value.

Donated by: Various

\$20 per Ticket

Special Thanks

Dear Friends of Smith Clinic,

It is our pleasure to present to you this evening's Fundraising Gala.

We have enjoyed planning and organizing this event, but more importantly, we would like to thank the many volunteers who helped make the Gala possible.

We also want to thank the many sponsors and donors who have so generously contributed to the fundraiser this evening. Through the financial support of our sponsors, we are able to underwrite most of the expenses related to the Gala.

Our heartfelt thanks and appreciation are extended to Woofie and Salters McClary of Frank's Outback for their generous donation of this evening's meal and to their staff for their hard work. Additional thanks is extended to Republic National, Aleph Distributors, Southern Wine & Spirits, C & C Seafood, Lee's Farm Produce, Sysco Foods, and Joey Smith for their donations of the wine, food, and decorations for tonight's event. Also, to Joe Exum and Matt Giltmier for conducting the live auction.

We would be remiss if we did not acknowledge and recognize the tireless hours dedicated to Smith Clinic by the staff, volunteers, and volunteer medical professionals.

Finally, we extend our sincerest appreciation to all that support Smith Clinic by attending this event. Through the proceeds raised at this Gala, we will continue to provide health care for the undeserved population in this area.

Sassy and Brian Henry

Kathy Metts "Edisto" an Original Painting

Kathy was a popular local artist who was beginning to enjoy some success when she was diagnosed with lung cancer. This delayed diagnosis was due in part to a lack of health insurance and she passed away in 2006. There are many local collectors of her work and this is the first painting to be sold or auctioned since her death.

Donated by: Susan and John Goodman

Please note: All auction items expire one year from today unless otherwise indicated.

 **Live Auction**
